5. Alcohol & tobacco policy, Myiia Wahto

The City and Borough of Juneau (CBJ) is asking Juneau Adult Hockey Association to further support City Code **20.25.080 Public possession and consumption of intoxicating liquor** (d) No person may possess or consume intoxicating liquor in any building or other similar enclosure owned or operated by the municipality except under conditions authorized by the assembly by resolution or, in the absence of such a resolution as specifically authorized by the manager provided that the school board or its designee may give specific authorization for the possession or consumption of alcoholic beverages in buildings and other enclosed facilities maintained by the school district.

The CBJ is paying close attention to violations of this city code because an anonymous complaint was received describing that this code was violated.

The Juneau Adult Hockey Association board strongly supports CBJ code 20.25.080 (d). No intoxicating liquor can be possessed or consumed anywhere in the Treadwell Ice Arena. Any JAHA documents that do not clearly support this code will be reviewed and revised. "Alcohol and tobacco policy" will be added to the General Membership meeting agenda on August 20, 2013.

Discussion regarding Juneau Hockey Officials (JHO) with Jerry; meeting addendum

- Abuse of officials by players is the main reason referees resign service as referee.
- Complete communication from JAHA to JHO as well as from JHO to JAHA necessary for enforcement of game misconduct and more severe penalties; however, onus is on player to abide by USA Hockey rules. Suggestion to post appropriate notices within a locked glass box (among others) as method for communication.
- Annual JHO classroom and on-ice referee class necessary for USA Hockey referees certification will be on September 27 and 28, 2013.
